 Head of Department: Reverend Robert Graue (Anglican)

Services

The role of Chaplaincy Services at Fremantle and Kaleeya Hospitals is to provide spiritual and pastoral care to patients, family and staff. The chaplaincy team is made up of representatives from different churches and is able to provide contacts for most faiths and religions on request. The switchboard also has a list of contacts for these groups. Enquires regarding the spiritual and pastoral needs of patients should be directed to the resident chaplain who is on call 24 hours.
